Dear CSC Interested Parties,

At our most recent CSC meeting, some members had requested the following information:

- (1) The links to the Community Air Monitoring Plan (CAMP)
- (2) Additional information on the budget for the equipment to be used for air monitoring in the AB 617 communities.

**(1) Community Air Monitoring Plan (CAMP):**

Links to San Bernardino/Muscoy CAMP and Appendices:

- o Main document: [http://www.aqmd.gov/docs/default-source/ab-617-ab-134/camps/sbm\\_camp.pdf](http://www.aqmd.gov/docs/default-source/ab-617-ab-134/camps/sbm_camp.pdf)
- o Appendix A and B: <http://www.aqmd.gov/docs/default-source/ab-617-ab-134/camps/appendix-a-and-b-sbm.pdf>

- (2) Monitoring Budget:** The links below provide information about the air monitoring equipment that have been approved to be purchased for the AB 617 program. It is important to note that not all of the equipment will be available immediately, because some of this is very specialized equipment that takes time to make and test. Also, these budgets include **equipment and staffing resources that are shared across all current and future AB 617 Communities.**
